

Safe and Clean Plan

Our priority is to keep attendees safe during our upcoming events. We've outlined our safety guidelines below, in addition to guidance from our event venues and resources suggested by our member attorney.

- We've limited attendee numbers at these events.
- We encourage face masks in accordance with CDC guidance.
- Meeting rooms will be arranged for social distancing.
- Hand sanitizer will be available in the meeting rooms.
- Receptions will take place in an outdoor area.

Venue Guidelines

Peddler's Village (Golden Plough Inn), New Hope, PA

Mask-wearing policy

Since the onset of the pandemic, Peddler's Village has followed CDC and state guidelines for all retail and hospitality operations. Pursuant to the PA state update recently announced, masks will no longer be required for guests or employees at the Golden Plough Inn or these Peddler's Village businesses: Buttonwood Grill, Cock 'n Bull, Earl's New American, Hart's Tavern, Peddler's Pub, and Giggleberry Fair. However, for their own safety as well as others, individuals who have not yet been vaccinated or are partially vaccinated are still encouraged to wear a mask when in public.

All of the Peddler's Village shops, which are independently owned, are responsible for developing their own mask policies for guests and employees. The guest policy for each shop will be communicated by/at each individual shop.

Wayfinder Hotel, Newport RI

We have hand sanitizing stations located throughout our public areas, suspending stay services with housekeeping, not reusing menus, staff wears masks regardless of vaccination status.
