

## Esther Angell Biography

Esther Angell is currently a Vice President at Cargas Systems. She's originally from Oklahoma but crossed the Red River spending over 10 years in the oil and gas industry in Houston. During that time, she worked in for both service and manufacturing companies in a variety of leadership roles. While in Houston Esther served on the Board of Directors for the Women's Energy Network and supported various mentoring and volunteer programs. She relocated to Lancaster, Pennsylvania continuing her work in manufacturing, but for non-energy industries. She currently leads a team in the technology space, leveraging her background in marketing, sales, product management, and business development. This broad experience enables Esther to find connections and commonalities across business and industry. It's also one of the reasons she's an active, member, mentor and speaker at Women in Energy, The Technology Council of Central PA, and Leadership Lancaster.
